“I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel.”

MAYA ANGELOU

A long wooden bridge with metal railings stretching into the distance, surrounded by lush green trees under a bright sky. The bridge is made of light-colored wood and has a series of vertical metal posts supporting a top rail. The background is filled with dense green foliage and a clear blue sky with some clouds. The overall scene is bright and sunny.

SIMPLE

The system is so easy to use and getting reward dollars for processing payments with Paymerang is a great plus.

SECURE

They manage fraud risk so
that we don't have to.

PROFITABLE

We literally make money
by outsourcing a
significant portion of our
disbursements.

FRIENDLY

The customer service is superb. Everyone is friendly, helpful and I always get a quick response.

EFFICIENT

Saves time and money.
Paymerang does
the work on establishing
payment options
for each vendor and all
the follow-up on
uncashed checks.

QUICK TO IMPLEMENT

This was by far the easiest implementation I have ever worked on.
