Transform your AP Department with Finance Automation

Paymerang provides streamlined invoice and payment automation solutions that bring Accounts Payable (AP) departments into the modern age. Paymerang solutions save AP departments hundreds of hours annually, enhance visibility, increase accuracy and improve efficiency while reducing paper, fraud risks, and operating costs.

IA invoice automation

Our best-in-class automation technology uses artificial intelligence to capture, read and route invoices giving your team a fail-safe electronic paper trail.

visibility
Electronic workflows give you instant access to all invoices and approval statuses.

efficiency
Electronic routing reduces the time spent approving and posting invoices.

accuracy
Automated invoice capture and posting reduces errors.

timeliness
Automatic reminders for invoices still waiting approval.

PA payment automation

We've streamlined the whole payments process, doubled down on security and created powerful tools that help you increase operational effiecy and reduce costs.

efficiency
Automated remittance and reconciliation with an easy to use interface.

security
Encrypted account data and two levels of authentication.

speed
Fast and seamless implementation takes less than 10 hours of your time to set up.
